

AMAZON LOCKER

What is Amazon Locker?

Amazon Locker is an convenient, safe, and reliable way for online shoppers to receive their Amazon shipments.

A fully automated package kiosk is free for customers to receive and return orders from Amazon.com.

Customer use cases include:

- Receive packages when traveling
- Secure package delivery site
- Convenience pick-up locations and pick-up times
- Hassle-free returns

Retailer Benefits

- Have access to significant additional foot traffic by Amazon.com's loyal customer base (locker visit on average: 12-20 visits per day)
- 52% of retail customer respondents ultimately purchased an item from the host location
- Gain unique visibility for your business as an Amazon Locker location partner
- Obtain a unique differentiator over your competition
- Connect even further with your local community
- Receive monthly income from each locker installation

What is an ideal Amazon Locker location?

- High density and high foot traffic locations with good visibility
- Anywhere that is protected from the weather, accessible to the public, and have favorable business hours for customer package pick-up.
