

NATUERA SMART CBD KIOSK

A Smart Kiosk for Trusted & Affordable CBD Products

The popularity of hemp-based Cannabidiol (CBD) products is surging. According to the Consumer Brands Association, 34% of Americans have purchased a CBD product, and sales are expected to exceed \$20 billion by 2024.

The NatuEra Solution

By operating as a store-within-a-store, NatuEra takes on the category management and regulatory compliance of this product category. **Because retailers do not handle, buy, stock, or sell CBD products directly, there is no additional labor or maintenance required.** Your shoppers can browse and purchase high-quality CBD products from a NatuEra kiosk that engages, educates, & conducts real-time age verification according to state & federal regulations.
